### 1. Alpha prototype presentations

We discussed who will do the presentation, who will present it and where will the presentation home be.

**CONCLUSION:** Stefania and Vedran will make the presentation. Presentation home will be Milano.

**ACTION:** Stefania, Vedran and Gregorio will make and present slides. Stefania the organization part, Vedran the mobile application presentation with respect to the web application (the same functionalities for mobile and for web), Gregorio will present functionalities that only web application has.

### 2. Implementation

We discussed the rest of the implementation that has to be done for the alpha version.

**CONCLUSION:** The web application and some things in the service layer have to be changed.

**ACTION:** Stefania and Greorgio will finish the web, Bojan will change the model, Marko will change the service.
