Distributed Software Development

Final Questionnaire

[1	
First and last name		
Country you are from		
Course location (FER / MdH / POLIMI)		
Project name		
Your role(s) in project		
Loca	al site	
Rate the overall quality of work coordination communication, 1-very bad, 10-flawless)	n at the local site (0-no local	
Describe good experiences		
Describe problems and what caused them		
•		
Describe the intensity (not quality!) of collal	poration with each of the loca	l team members
with the number 0-5; 0-no contact at all, 5-v		
Local team member	-	Intensity (0-5)
		• • • • • • • • • • • • • • • • • • • •
Describe how that collaboration changed over	er time (and in different proje	ct phases)
= 1211111 11 11 11 11 11 11 11 11 11 11 1	(and in different proje	F

Remote site

Rate the overall qual remote communicati	•	coordination with the remote site (0-no	
Temote communicati	on, 1-very	uau, 10-11awiess)	
Describe good exper	riences		
Describe problems a	nd what ca	used them	
,			
Describe the intensit	v (not qual	ity!) of collaboration with each of the rem	ote team
		0-no contact at all, 5-very intensive collab	
Remote team member		·	Intensity (0-5)
Describe how that co	ollaboration	changed over time (and in different proje	ect phases)
		Communication	
		0 0	
		nsive usage) and describe which communi	
		on and their usefulness, and in which proj	ect phases
Tool		nent, testing, documentation etc.) oject phases and tool usefulness	
1001	1-3 11	oject phases and tool usefulliess	

Dagariha have von	novad for toom mostings		
Describe now you pre	pared for team meetings		
	Project work		
	9		
	nce regarding high level team coordination (task assignment, task		
=	munication with team members, coordination with remote team,		
etc.)			
What are, in your opin	nion, important issues in group work and why?		
Issue	Why?		
What were the causes	of conflicts and how were they resolved (if they were resolved ©)?		
Rate and describe how	v pleased were you regarding information flow in your project team,		
	f overall project state, important information and events during the		
•	ou feel isolated (1-kept in the dark, 5-completely aware)		
1-5 Description			
Rate and describe have	e you been aware about other people roles and their work status (1-		
	er people's work, 5-completely aware)		
1-5 Description			

·
Rate and describe have you been satisfied with your role in the project and tasks you have
been assigned during the project (1-very dissatisfied, 5-very satisfied)
1-5 Description
1-3 Description
Rate and describe how much you could affect the project decisions (design, usage of
certain technologies etc.) (1-nobody listened to my suggestions, 5-my suggestions were
always taken into consideration)
1-5 Description
Describe the way decisions were made in your project: where there was a single authorit
that made the decisions and was that authority respecting feedback from other team
members, or were you using voting, or consensus had to be reached etc. Also rate (1-our
decision process turned to be very bad and degraded the project work, 5-the process was
excellent and helped the project work a lot) and describe was that way a good one for
your project or not.
1-5 Description
Rate (1- no clear requirements, 5-very clear requirements) and describe how clear the
initial requirements were.
1-5 Description
Rate (1-no or minor changes, 5-huge changes) and describe the level of requirement
changes during the project
1-5 Description
1 5 Description

Describe the process you used in the project (waterfall/iterative/prototyping/agile/model driven/test driven ...). Why have you selected that particular process and how did you adjust it to your project needs? How did it turn out – good or bad?

	uch (0-no new things, 5-too many new things) you had to learn new ogies/tools/etc. to be able to do your work in the project? Describe what you	ı had
1-5	What you had to learn	
course!	your final opinion on distributed software development (not on this DSD), given in number from 1 (distributed development is useless) to 5 (distributed is the best), and why?	ited
1-5	Why?	
What wallocation	as the influence of your project system architecture on work division and ta on?	sk
What w	ere the experiences in integration of your task(s) with other project parts?	
	ctors motivated you, and why, for working on your project (and their streng 5-strong motivation)	gth 1-
	ing factor	1-5

SCRUM, <describe your project adjustments to SCRUM, your opinion how useful

meetings, product refinement workshops, retrospective meetings etc.>

different scrum elements were – which elements your project used?, such as daily scrum

1-minor, 5-strong demotivation Demotivating factor	1)	1-5
Demotivating factor		13
