

Minutes of Meeting

Project	Call Calendar	Date	24/10/2014
		Start-end time	15:00 – 15:30
Responsible	Biljana Stanić	Location /type	Västerås

Attended by	Location	Remarks
Irfan Šljivo	MDH/Västerås	
Biljana Stanić	MDH/Västerås	
Damian Marušić	MDH/Västerås	

1. Project requirements

Biljana and Damian had a meeting with Irfan where he gave an explanation regarding to environment that will be used for the implementation, requirements and some general things that are expected from the team to complete.

CONCLUSION:

The team will be provided with a database dump and Prestashop will be already configured. Malin, the customer, will send preliminary user requirements. The team is supposed to extend the database structure in order to implement keywords for researches' interests. There will be some examples of the source code to be able to better implement the application. It will be mostly used PHP, but also some other languages (HTML, JavaScript, Smarty, SQL).

ACTION:

Members should follow Irfan's guidelines and hints during the project implementation.

2. New meeting

The next meeting with the team will be held on Sunday, 26th November.

CONCLUSION:

The team will work on presentation.

ACTION:

All members have to be present.
