

Minutes of Meeting

Project	Yoshi	Date	11-12-2014
		Start-end time	16-18h
Responsible	Hossein Sedighizadeh	Location /type	DEIB Milano

Attended by	Location	Remarks
Hossein Sedighizadeh	Remote	Reading backlogs after meeting
Martin Anev	DEIB	
Yuxing Chen	DEIB	
Félix Baylac Jacqué	Remote	
Rizwan Khalid	Remote	

1. Clarifying the algorithm by customer

The communities can have more than one type. Sometimes even weird but possible.

2. New requirements for the algorithm

The decision tree for the algorithm is changed and modified.

3. New output

The output of the Yoshi is not a decision tree anymore but a tree cut-offs
