

## Minutes of Meeting

<b>Project</b>	<b>Software Patterns</b>	<b>Date</b>	2010-10-20
		<b>Start-end time</b>	8pm - 10pm
<b>Responsible</b>	Joanne CHEVALIER	<b>Location /type</b>	Video conference (Västerås - Zagreb)

Attended by	Location	Remarks
Antonio Moreno Borrás	MDH	attend
Shaibal Barua	MDH	attend
Joanne Chevalier	MDH	attend
Jasenko Ramljak	FER	attend
Ivica Pađen	FER	attend
Marko Vitas	FER	attend
Stipe Grbić	FER	attend

### 1. Sweden :

Antonio and Shaibal worked on tutorials and documentation for eclipse plugins. Shaibal gave some explanations and plan to write a document about it. Joanne worked on *GUI document* and added the last-discussed modifications.

### 2. Croatia :

- Jasenko explained his document : *SerializationAndPersistence.odt* , discussed how to save images, no binary files but a special folder containing them.
- Marko explained his document : *Design details\_adapters and general.odt*. We should use views instead of editors, everything is in his document. He gave some explanations about manifests of plugins, how to use it, and he also explained some code parts. Discussion about Adapters.
- Stipe did a good job on a first implementation of the interface. He divided the GUI general view in 3 main parts. He showed us a screenshot of his work. (views.pdf) . The SampleView he worked on is available on the svn.
- Ivica talked about his documentation tools document. LaTeX shouldn't be used because we don't have enough time to learn how to use it, and we are not writing complex mathematical expressions. He showed us how to use javadoc while coding. In his document about coding conventions he showed some useful code-formatting plugins. Some tools can be downloaded.

3. Next meeting, the next day : 2010-10-21 . We are going to explain our work to the Paderborn part of the team.
