1. SECOND SPRINT STATUS

CONCLUSION: The backend team will continue working on the assigned tasks for the second sprint and the remaining tasks of the first sprint with a focus on the optimization component of the application. The completion of all the programmed tasks seems reasonable wrt to the fixed deadlines, considering that, except for graphics, the frontend logic is almost completed

ACTION: Claudio will focus on the optimization component of the application

ACTION: Giorgio will update documentation and also write some unit tests for the frontend logic

ACTION: Giorgio will continue contacting Jean to have news, since he hasn't communicated with the team for 3 days
