1. Review of the project state

- The only topic of the meeting was reviewing the state of the project. On the previous meetings team decided that we need to have meetings more frequently.
- Web application: since the last meeting all of the client remarks have been removed. Also the bugs were fixed and some new features introduced. Things done in the web app:
 - Paging for all the resulting tables made
 - Fixed bugs in paging
 - All the controller team/player/coach have visualization of data
 - Modifying of the previously made queries functionality introduced in the application
- Android:
 - Armando and Andreas are falling little behind.
 - Dino is almost on time
- Use cases task for Bal
 - Bal did not understand correct the number of use – cases that he has to produce. He had produced 3 use cases with low quality. Remarks about the use-cases sent to Bal from the project manager.

Conclusions:

- Armando and Andres should push harder to meet the deadlines.
- Bal has to produce all of the remaining use-cases and improve quality
- Dino should keep track on the sub team and try to push them harder
- Igor should be on disposal for providing new services for the android team
- Predrag in contact with the client for the possible remarks for the web client. Remove bugs and improve functionality.
- After the completion of the clients, team should start producing necessary documents on Sunday.

Actions:

- Bal has a strict deadline for producing use-cases no later than Friday 2012-01-11 evening.
- Armindo and Andreas must finish Saturday noon and Saturday afternoon Android team must start integration.
- Dino responsible for coordinating the integration of the android client.
- Igor has no deadlines.
- Predrag has no deadlines.
