### 1. Checking current status of the project

Few team members had a meeting where is discussed about the current status of the project and which tasks have to be completed before the Final presentation.

**Conclusion:**

Marko Veličković, Damian and Biljana will continue with implementation and fixing bugs in the project.

**Action:**

Marko Veličković and Damian will fix “Sending notifications to researchers” functionality

Biljana will implement “Adding attachment for the application” functionality.

Marko Veličković, Damian and Biljana will check all implemented functionalities once planned are finished.
