Minutes of Meeting

Project	MeetMe	Date	19.11.2015
		Start-end time	20:30 - 21:30
Responsible	JustMeet	**Location /type**	Zagreb; Milano/ Skype call

Attended by	Location	Remarks
Danijel Sokac	FER	Skype call from PC - Zagreb
Francesco Giarola	POLIMI	Skype call from PC - Milano
Milica Jovanovic	POLIMI	Skype call from PC - Milano
Mehdi Kaabi	POLIMI	Skype call from PC - Milano
Carolina Casali	FER	Skype call from PC - Zagreb
Armindo Barbosa	FER	Skype call from PC - Zagreb
Joao Nadais	FER	Skype call from PC - Zagreb

AGENDA:

- Review of the tasks done in previous sprint
- Next sprint (overview,duration, tasks,..)
- Creation of database
- Coding

1. First Sprint – Review

CONCLUSION: - The first sprint ended on 19/11. Team have completed all tasks in Asana.
- In the next sprints documents made will be modified and updated.
- FER students have coded UserStory1 : "As a visitor I want to be able to register to the system".
- POLIMI students have coded UserStory2 : "As an user I want to be able to login at the application with my account".

2. Project – Database

PROBLEM: Polimi side has problems with connecting to postgre DB through localhost

CONCLUSION: VM with postgre admin will solve this issue, every memeber will have a local DB for testing the code
ACTION: Joao will configure the VM and push it on git repo

3. Second Sprint - Overview

ACTION: Team have discussed about possible tasks for next sprint,, chosen tasks to cover by priority of tasks and decided how to divided them
ACTION: Danijel will assign Tasks of 2nd sprint in Asana to team members
ACTION: Polimi side will make Logout, scheduling a meeting, inviting people to join the event..
ACTION: Fer side will make change profile settings user story, apply template to our application...
CONCLUSION: The next sprint will start 20/11 and will finished 3/12. In the first week the team will take care of the basic functionalities. In the second week the team will work on additional features. Alpha prototype will be completed before the end of second sprint,1/12.

4. Project - Coding

ACTION: FER students
- UserStory5: " As an user I want to change settings",
- UserStory7 : "As an user I want to invite my friends to use the application

ACTION: POLIMI students
- UserStory4.0 : "Schedule event basic form"
- UserStory4.1: "As an user I want to choose attendants in the meeting or event"
- UserStory4.2: "As an user I want to be able to receive meeting notifications"

CONCLUSION: The team will continue to code next user stories, they will be finished by Thursday 26/11. Each team will be responsible to complete the user story.

5. Project

ACTION: Armindo will apply template design by 22/11
ACTION: Francesco will finish mock-ups
ACTION: Carolina will populate database with test data by 23/11
CONCLUSION: The team continues to work on different parts of the project

6. Project - Decisions about login and access to data

QUESTION: Mehdi asks about what is the best option between:
- login + asking for permission to access the data in the user's calendar
- two logins

CONCLUSION: User will login and he will receive a request from the application to access at his calendar data

7. Project – Token

CONCLUSION: The team have decided that application won't have sign in with Google. When user is adding his google calander then application will pick up token. After token expires application will get it again
