**DECISION:** Removed from the sprint backlog

**INFO:** Story #14 Modify simulator's time slot

**DECISION:** Kept for the next sprint

## 2. Opinions about the sprint

**IDEA:** an overview about the sprint currently ended.

**OPINIONS:** we need more communication because much times we had to install components, and we have found difficulties that can be solved communicating. Moreover we should communicate also our problems to share and find a solution together. Testing is started but Mert needs help.

**DECISION:** we will try to have more communication especially with problems and about testing should continue and someone should help Mert.
