Attended by	Location	Remarks
Valerio Lucantonio	MDH	
Alessandro Baggio	PoliMi	
Robert Engelmann	MDH	
Endri Azizi	MDH	
Sebastian Kunze	MDH	

Report from the customer meeting

Sebastian and Robert gave a short account of what they discussed with our customer.

- We have to eliminate all the bugs
- We will have to implement one more feature: Multiple bookings at once
- User testing aimed for Sunday

“Sprint planning”:

We decided to have half a sprint. Finish our stories and take care of all issues on GitHub.

- Stefano and Paolo have knowledge in Email set-up, so we hope they can fix our Email sending issue. (we can't send emails currently) → story #57
Remark: It would also be possible to send emails via Google
- Confirming a booking is working, there was just a misunderstanding
- We made a new sprint planning in asana and moved on to the issues in GitHub
- Assigned the bugs

Final Presentation:

We planned the final presentation

- We decided to have not everyone talking, but summarize up all our experiences
- We will have a live demo
- We will have the user testing from the museum in it
- We will have to ask our supervisors how the presentation should look like

The Presentation-Team consists of: Mert, Alessandro, Valerio, Sebastian and Robert.

Sebastian thinks we are good and there is nothing left to talk about.

PLANNING

We estimated the time for each user story

#57 - [2] Set up email configuration	Stefano
#56 - [1] Email confirmation to customer	Alessandro
#55 - [3] Book multiple slots during opening	Paolo
#34 - [2] Restore password	Robert
#40 - [4] Overhaul user interface	Robert
#51 - [3] Rethink the time span selection from mobile devices	Stefano
#38 - [1] Highlight logged in instructor in calendar view	Mert
#47 - [3] Change email notification text	Alessandro

OTHER DECISION:

Documents have to be rechecked and handed in finally.

Endri is responsible and Valerio will help him.
