1. Daily

Mert: did story #38 (few adjustment on this story that Robert made)

Paolo: fix two issues:
Issue #55 / #53
'Repeat password' validating if empty
Not work on story #55 some dependencies from Stefano's stories,

Alessandro:
He adjust something in the agenda view, exactly he centered simulator above full calendar in the agenda view.
He fixed some other issues in the view agenda.
Works on email things, now sending email is working!!
What's body to put into email?

Robert
Fixed some bugs:
About forget Secret keys.
Search mechanism on booking list (should be best ID booking).

Marco:
He tried to work on more testing case on these day but currently he got an error if he want to book a simulator.
"If he is an anonymous user saying this "Undefined index: assigned_instructor" but if he log in and book a time slot as a staff member, he is able to do it and he don't know how to figure out right now.

Sebastian:
Working on issues change Change $ to kr.
He talks to Omar and He gave us more information about final presentation.
Valerio and Endri started to work on the all final documents, making new updates and adding something more on this papers.

TO DO: Ask to Omar about test document.

2. Final Presentation
We started to make the presentation and decide who is going to present it.
