<b>Responsible</b>	Alessandro Sisto	<b>Location /type</b>	Skype chat conference Milano - Zagreb

Attended by	Location	Remarks
Branimir Lochert	Zagreb	Project leader
Alessandro Sisto	Milano	Team leader

## 1. Topic

Meeting was used to decide the initial design of our suggestion system

### CONCLUSION:

Question will be presented sequentially to the user.

Starting situation: we have all the Top university in the world

- 1) User answer a question
- 2) We filter the list according to the answer given

1 and 2 will be repeated till we get a small number of universities.

We agreed to start using the following three topics for the question we'll ask to the user:

- 1) Geographical ( Continent / Region )
- 2) Course Level ( Bsc, Msc. or PHD )
- 3) Course Macro category

Other questions will be added after.
