Technologies Austria AG

## Invitation to Infineon Austria- FER Academic Cooperation Opening Ceremony

November 3<sup>rd</sup> 2022, 10:00-12:30 am

The Grey Hall at the Faculty of Electrical Engineering and  
Computing (FER) of the University of Zagreb

**Let's advance Europe's digitization and decarbonization together!**

Infineon Austria and Faculty of Electrical Engineering and Computing (FER) of the University of Zagreb are pleased to invite you to our Academic Cooperation Opening Event, on November 3, 2022 at the Grey Hall.

Within the framework of IPCEI Microelectronics (IPCEI ME) Infineon Technologies Austria strengthens its cooperation with FER and its students. During our event we would like to present the future scientific-industrial cooperation between FER and Infineon Austria and how we will contribute to Europe's digitization and decarbonization together!

We are convinced that this will lay the foundation for a joint Mission Future, which will open up great opportunities for students in our scholarship and Internship programs.

We look forward to seeing you there.

Following the presentation, we are happy to have a discussion on new solutions for digitization and decarbonization during a light lunch at the campus.
