**Agreement of Cooperation
Between
High Voltage Laboratory,
Faculty of Electrical Engineering and Computing,
University of Zagreb, Croatia
And
Infrastructure Research Center,
Doshisha University, Kyoto, Japan**

In order to promote cooperation and the advancement of academic exchanges between High Voltage Laboratory, Faculty of Electrical Engineering and Computing, University of Zagreb, Croatia and Infrastructure Research Center, Doshisha University, Kyoto, Japan, these institutions enter into a formal agreement to encourage the following:

1. Exchange of research fellow, visiting scholar exchange and short stay for specific research fellows.
2. Participation in conferences, lectures and research meetings.
3. Participation of graduate students in joint conferences and joint research activities, with the permission of both institutions.
4. Exchange of practical work and applied research.

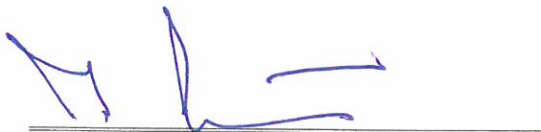

The specific cooperative arrangements for each of the above four activities possible under this Agreement of Cooperation shall be mutually discussed and agreed upon in writing by both parties prior to the initiation of that activity. There is no obligation or requirement related to any of these possibilities.

This Agreement becomes effective on the date of signature. It shall remain in effect for an initial period of four years. After the initial period, in the absent of written notice to the contrary this Agreement shall remain in effect, but either party may terminate the Agreement at any time by giving six months' notice in writing to the other party. Revisions or modification may be proposed at any time, effective from the date of written amendment by both parties.

Date : 16.06.2015.

This Agreement has been signed in original copies for both parties.

On behalf of
Head of High Voltage Laboratory,
Faculty of Electrical Engineering and
Computing,
University of Zagreb, Croatia

Professor Ivo Uglešić

On behalf of
Director of Infrastructure
Research Center (IRC),
Doshisha University, Kyoto
Japan

Professor Naoto Nagaoka
